Come back to these resources as the course progresses!</p> <p>Add your own at the end of the list, by clicking "Show related resources", and rate ones you found useful!</p> <p>If you're having trouble with a particular concept or simply want to have access to more information, try one of the following links.</p> <h3>DOCUMENTATION</h3> <ul style="list-style-type: none"> Official Python 3 Documentation - "official"/technical explanation of what a particular function/operator does, examples of correct syntax, what the various libraries are, etc.
<div> <div>▸ Week 1: Python Basics</div> <div>▸ Week 2: Simple Programs</div> <div>▸ Week 3: Structured Types</div> <div>▸ Week 4: Good Programming Practices</div> <div>▸ Midterm Exam</div> <div>▸ Week 5: Object Oriented Programming</div> <div>▸ Sandbox</div> </div>	<h3>TEXTBOOKS/TUTORIALS</h3> <ul style="list-style-type: none"> Dive Into Python - another survey of Python syntax, datatypes, etc. Think Python by Allen Downey - a good general overview of the Python language. Includes exercises. The Official Python Tutorial - self-explanatory Learn Python the Hard Way - (note: for Python 2) another free online text Reserved Keywords in Python - don't use these as variable names PEP 8 - Style Guide for Python Code - learn what is good and bad style in Python CheckIO - learn Python by exploring a game world Invent with Python - develop your Python skills by making games or hacking ciphers Codecademy - (note: for Python 2) learn Python by building web apps and manipulating data; interactive tutorial sequence Python Tutor - interactive tutorial sequence of exercises <h3>DEBUGGING</h3> <ul style="list-style-type: none"> Python Tutor - an excellent way to actually visualize how the interpreter actually reads and executes your code DiffChecker - compares two sets of text and shows you which lines are different Debugging in Python - steps you can take to try to debug your program
	<h3>SOFTWARE</h3> <ul style="list-style-type: none"> Python Tools for Visual Studio - Visual Studio plug-in enabling Python programming

OTHER Q&A

- Stack Overflow - a large Q&A forum for programming concepts (not just Python). Try searching here before you post on the edX forum, and you may find that someone has already answered your question.

MORE PRACTICE PROBLEMS

- Python Challenge - a series of puzzles you can try to test your Python abilities
- Project Euler - additional programming challenges you can try once your Python knowledge becomes stronger; problems are sorted by increasing difficulty
- Coding Bat - problems you can solve within an online interpreter
- Codewars - improve your skills by training on real code challenges
